

C. REMARKS

No new matter is added by the above amendments to the specification, which merely correct for inadvertent typographical errors, which resulted in a mistaken reference to FIG.s 4, 5A, and 5B, in the "Brief Description of the Drawings" section. The correct reference is to FIG. 4A, 4B, and 5, and has been corrected accordingly. Support for this amendment is provided for example in paragraphs 43, and 44 of the present specification (see e.g. paragraph 43, second sentence: "FIG. 4A illustrates a low power tap, formed of foil, on a rotating gantry . . . while FIG. 4B illustrates a low-power tap, formed of foil, on a stationary gantry "; paragraph 44, second sentence: "Figure 5 illustrates a set of four one-quarter turn windings used to generate 225 volts . . .").

No additional costs are believed to be due in connection with the filing of this preliminary amendment. However, please charge the \$130.00 petition fee (37 CFR 1.17(h)) with respect to the accompanying Response to Notice of Omitted Item(s) in a Nonprovisional Application, and any necessary fees or credit any overpayments to our Deposit Account No. 50-1133.

If the Examiner has any questions regarding the above-identified application, he is invited to telephone the undersigned so that such issues may be resolved telephonically.

Respectfully submitted,

Elizabeth E. Kim
